MARTIN COUNTY HEALTH DEPARTMENT

October 19, 2009

**H1N1 Vaccination Information**

Dear Parents/Guardians:

The Martin County Health Department has scheduled a series of clinics to offer the H1N1 vaccine to students and their siblings. This is a **voluntary** vaccination program that will be offered free of charge.

The vaccination will be provided for children and young adults **age 6 months through 24 years of age – only**. Parents or guardians must be present for people under the age of 18 years old.

If you have had a severe reaction to flu vaccines in the past or a severe egg allergy, you should check with your doctor before asking for the vaccine.

More community vaccination clinics will be scheduled as vaccine supply increases. Log on to [www.MartinCountyHealth.com](http://www.MartinCountyHealth.com) for more information.

**DEPARTAMENTO DE SALUD DEL CONDADO DE MARTIN**

19 de octubre del 2009

**Información Para la Vacunación de H1N1**

Estimados Padres/Tutores:

El Departamento de Salud del Condado de Martin ha programado una serie de clínicas que ofrecerán la vacuna H1N1 a los estudiantes y sus hermanos. Este es un programa de vacunación **voluntaria** que se ofrecerá de forma gratuita.

La vacunación se ofrecerá a niños y adultos jóvenes **de 6 meses de nacido a 24 años de edad - solamente**. Los padres o tutores deben estar presentes para poder vacunar a menores de 18 años de edad.

Si usted ha tenido una reacción grave a las vacunas contra la gripe en el pasado o alergia al huevo, usted debe consultar con su médico antes de solicitar la vacuna.

Más clínicas de vacunación de la comunidad se programarán a medida que aumente el suministro de vacunas. Para más información ingrese a la red [www.MartinCountyHealth.com](http://www.MartinCountyHealth.com).
